

# UL Commences Registration for eLearning Semester

University of Liberia, School of Public Health Memo

The Administration of the University of Liberia (UL) announces that registration for the Second Semester of academic 2019/2020 commences today, July 13, 2020, and will run to August 8, 2020.

Classes for the second semester will begin on July 28, 2020, and will run up to October 3, 2020.

The university encourages all students to complete their payment process during this period as a precondition to have access to the eLearning platform or you will forfeit your entire registration or admission process.

In line with the university's digitization plan, in-person interaction with students is no longer demanded at the Business and Finance Office (BFO) to complete the registration process as students can now use mobile money platforms on Lonestar MTN and Orange Liberia for payment.

The university has two accounts at Ecobank that have been interfaced with the eLearning process, which are the Liberian Dollar Account for

There has been absolutely no adjustment in fees for both undergraduates and graduate students. Undergraduate registration remains LD\$2,000 fees per semester (excluding college fees); while graduates and professional school students' fees remain at US\$150 and US\$75 per credit.

The university also informs the public that there is a special discounted program for students in the College of General Studies or Continuous Education Program, allowing them to pay LD\$3,000 per semester, down from LD\$7,500 which they paid in the past semesters prior to the pronouncement of free tuition.

Meanwhile, a special discount has been made for students at the graduate and professional school. Students who have paid a hundred percent of all their arrears for last semester benefit from a 20 percent discount package for this semester. Also, students who have paid

75 percent of their total arrears benefit from a 15 percent discount package; while those who paid 50 percent of their arrears will benefit from a 10 percent discount package.

Those who paid 25 percent of their arrears will benefit from a five percent discount package.

Students do not have to clear their arrears from last semester to be part of the current semester
